TestPrep User Guide – Participants

Step 1: Log in to your account

1. Log in to the link below to register for the test prep

<https://testprep.cloudthat.com/login/signup.php> .

2. Fill in all the details to register using your **Registered Email address**.

The screenshot shows the 'New account' registration page for cloudthat. At the top left is the cloudthat logo with the tagline 'move up.' Below it, the heading 'New account' is displayed. To the right is a 'Collapse all' link. The form contains four input fields: 'Username' (with a red exclamation mark), 'Password' (with a red exclamation mark), 'Email address' (with a red exclamation mark), and 'Email (again)' (with a red exclamation mark). A note below the password field specifies password requirements: 'The password must have at least 8 characters, at least 1 digit(s), at least 1 lower case letter(s), at least 1 upper case letter(s)'. The entire form is enclosed in a light gray border.

Step 2: Navigate Home Page/Create Account

1. You will land on the home page of the site. Click **My Home** from the **panel** and fill in your details, as shown in the **screenshot**.

The screenshot shows a user account edit profile page. At the top, there is a circular profile picture placeholder with the letters 'rd' and the name 'rahul demo' next to it. Below the header, the breadcrumb navigation shows 'Dashboard / Preferences / User account / Edit profile'. The main content area has a section titled 'General' with the following fields:

- First name: An input field with a red error icon and the message '- Missing given name'.
- Surname: An input field with a red error icon and the message '- Missing surname'.
- Email address: An input field with a red error icon and the message '- Required'.
- Email display: A dropdown menu set to 'Hide my email address from non-privileged users'.

Step 3: Click on the link given here to access the course:

<https://testprep.cloudthat.com/course/view.php?id=3944>

Step 4: Enter the Enrollment key (code) “**Bz6KujKHcs**” in the space provided.

Python training_24th Nov
